Born in 1874, he became a journalist and later began writing books and pamphlets. His work includes novels, literary and social criticism, political papers and spiritual essays in a style characterised by enormous wit, paradox, humility and wonder. He converted to Catholicism in 1922 and he explores the nature of spirituality in many of his books and essays, including the mighty *Orthodoxy*. Chesterton is one of the few authors who are genuinely timeless and whose work has as much relevance today as when it was written.

The man who knew too much...I should have known more about it Par JCL Garaud Un livre choisi au hasard, le hasard fit bien les choses, écriture légère, un livre sous forme de nouvelles, jamais lassant ni dépassé malgré son âge.
